

## Barry Palazzo

Barry Palazzo has been a productive and successful employee at Shaw's Supermarket in Wakefield for over 10 years. With support from Perspectives Corporation, he is currently working between 18 and 22 hours per week.

Upon entering Shaw's, Barry's smiling face and pleasant demeanor is often the first thing customers see, and when he loads their purchases in their carts, he wishes them a great day. Shaw's Manager says, "Barry is always happy to assist customers and does so with a smile."

Barry's dream has been to work at Shaw's. Turning that dream into a reality has made a positive impact on his life as well as those who are around him. His employment has allowed him to have an apartment in North Kingstown, go on vacations and expand his Blu-Ray movie collection. He hopes to save enough money to marry his long-time girlfriend and to remain a valued employee at Shaw's until his retirement.
