Do you receive SSI?

If you could earn more than \$30,000 per year and keep your Medicaid would you consider working?

Do you receive SSDI?

Would you work if you knew that you could continue to receive your SSDI check for at least one year?

Social Security Administration offers a variety of work incentives and support services to help individuals return to work. If you answered YES to one or more of the above questions, attend a Work Incentives Information Session!

A Certified Work Incentive Benefits Counselor will review available work incentives.

NOTE: These are not “how to apply for benefits” sessions.

These sessions are for individuals already receiving SSI or SSDI benefits or those supporting them.
